

CAMP AJAWAH – 2024

Campers suggested packing list

Use this list to help pack, and then to assist campers to remember what to pack for home.

The quantities listed are just a suggestion. You know your camper best, send the appropriate clothing for 13 days. There is no laundry available.

A plastic tub is great for packing items (optional), it will keep them dry. It should not be taller than 20 inches, as it must slide under the cots.
